SPONSORSHIP PROPOSAL
ABOUT US

The European Wave and Tidal Energy Conference (EWTEC) series are international, technical and scientific conferences, focussed on ocean renewable energy.

EWTEC is well established among renewable energy conferences showing considerable growth since its launch in 1993. The past EWTEC conference attracted over 700 delegates from 35 countries.

This year is going to be bigger and better because of:

- KEYNOTE SPEAKERS
- NEW PRODUCT LAUNCHES
- ATTRACTIVE LOCATION
- REGATTA AND EXCURSION TOURS

EWTEC provides a forum where those at the forefront of technology development in the sector meet, interact, present their latest knowledge and debate new ideas and issues pertinent to wave and tidal energy conversion. It thus provides attendees with a perfect forum for knowledge transfer and debate at the cutting edge of marine renewable energy technology.
PREVIOUS EVENTS

The conferences are the pre-eminent global pedagogic and scholarly events dealing with the wave and tidal energy conversion and provide a global focus for all activities in wave and marine current energy conversion technologies, research, development, and demonstration.

Jan Peckolt from NEMOS

Cape Sharp Tidal from Canada

The 300 papers selected by the international selection committee after peer review were presented in 60 parallel sessions from Monday to Thursday noon.

EWTEC was a chance for Cape Sharp Tidal hear and share info for working together and developing tidal energy in a responsible and safe way.

WaveSub from MarinePowerSystems

Limerick Technical Tour

A professional exhibition reserved for EWTEC partners, industry or institutions, keen on presenting their skills, new products or technical offer to the participants.

GKinetic successfully deployed and demonstrated a 10kW device in the Limerick Docks. This test facility has the capability for towing of large scale systems to simulate operations in water flow.
CONFERENCE LOCATION

EWTEC will take place at Terminal Napoli SpA, Molo Angioino Stazione Marittima from 1st to 6th September 2019.

A unique opportunity to reach hundreds of delegates from all over the world!

A number of exciting opportunities are now available for sponsorship, marketing, and exhibition.

TARGET AUDIENCE

1. INVESTORS
   Venture capitalists, Firms and Mutual funds that supports emerging sources of clean energy and water technology companies with a focus on sustainable innovation and exciting growth potential.

2. ACADEMIES
   Academic researchers, PhD students focus on advancing clean energy technology at every stage, from energy storage, novel conversion devices, production, and platforms.

3. INSTITUTIONS
   Institutions representatives, Policymakers that are working with homeowners, businesses, communities, and government to transform the research experiments into applied projects.

4. INDUSTRIES
   Engineers, Industry representatives, Ocean renewable energy experts, Industry professionals concerned with the development of marine renewable energy.
KEYNOTE LECTURES & SOCIAL EVENTS

Professor AbuBakr Bahaj
Wave and tidal energy – state of the art and what lies ahead
University of Southampton - United Kingdom

Dott. Emilio Campana
Italian Wave and Tidal Energy - state of the art and perspectives
Head of the Engineering, ICT, Energy and Transport Department of the National Research Council (CNR) of Italy

Regatta in the gulf of Napoli
Technical Visit on Tall Ship Tortuga

Gala Dinner Pietrarsa Railway Museum
Guided Tour of the Buried City of Pompei
**SPONSORSHIP PACKAGES**

**WHY SPONSOR US?**

1. To meet face to face with more than 700 experts in the field of wave and tidal energy.
2. To strengthen your network and create new partnerships.
3. To enhance your knowledge about ocean renewable energy.
4. To promote your latest techniques and services.
5. To keep up with your competitors and create a network with future leading experts.

**Have you tailored the partnership package that best reflects your company?**
